

NAOSH Week: May 6–12, 2007

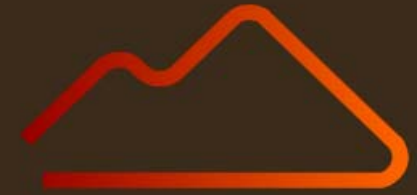

The goal of the annual North American Occupational Safety & Health (NAOSH) Week is to focus the attention of employers, employees, the general public and all partners in occupational safety, health and the environment on the importance of preventing injury and illness in the workplace. Come get charged up for NAOSH week at the Governor's Conference! See www.asse.org/naosh07 for details.

Register for the conference now at <http://ticketsage.com/asse>.

THE PINNACLE OF SAFETY

2007 ARKANSAS GOVERNOR'S CONFERENCE

April 25th – 26th, 2007

Embassy Suites/John Q Hammons Center
Rogers, AR

Sponsored by the Arkansas Chapter

Co-sponsors:

Arkansas Chapter AIHA

Keynote Speakers

Carl Potter, CSP, CMC, CSP

Carl Potter presents keynote addresses, conducts seminars and workshops and consults to corporations and associations that put safety first on the minds of employees, so that everyone can go home every day without injury.

Carl knows what he's talking about. He spent 17-years with one of the largest electrical utility companies in the United States. Since 1993 Carl has worked with companies to help clients create a safer workplace.

Carl holds a Bachelors Degree in Technical Management and is a Certified Safety Professional. He continues to research, write and speak in motivation and leadership to create safer workplace.

Michael Thompson, CSP; President-Elect, American Society of Safety Engineers

Michael W.

Thompson is a Training and Development Advisor for BP America in Houston, Texas with 20 years of progressive assignments in HSE and five years manufacturing and general management experience in electronics. He is a Board Certified Safety Professional in Comprehensive Practice.

He holds a Bachelor of Science (BSc.) in Safety Engineering from Texas A&M University with continuing education in business management.

Mr. Thompson is President-Elect of the American Society of Safety Engineers, succeeding to the office of President July 2007. Other professional memberships include the National Environmental, Safety and Health Training Association and the Society of Petroleum Engineers.
