Happy Thanksgiving!

On Wednesday, November 8th 2006 the [LV-ASSE](#) and [LV-AIHA](#) hosted a half day conference at the Parkland Restaurant featuring presentations on **Nanotechnology, Silica Exposure and Hexavalent Chromium**. This event earned **0.5** industrial hygiene CM points from the American Board of Industrial Hygiene. The ABIH approval number for this course is **06-2995**. Members of each of these two local sections were given the opportunity to earn a half CM point, close to home, for **only \$25!!!** **Where else can you get this sort of VALUE???**

Special thanks to our three speakers from this event: Greg Olson, John Glass and Walt Loftus!

Over the course of the next two months we'll offer our membership three more local section functions - so please mark your calendars now for these upcoming events:
