

Senior Occupational Hygienist

Occupational Health & Safety Group

A Winnipeg office is currently looking to add to their team, by seeking a Senior Occupational Hygienist to join their Occupational Health & Safety Group. If you are an experienced Occupational Hygienist and ready to take the next step in your career, this may be the role for you!

What you will do:

- Develop OH&S policies, programs and procedures
- OH&S audits
- Conduct occupational hygiene surveys including on-site sampling and report preparation
- Develop and deliver OH&S training courses
- Implement industrial hygiene program
- Conduct hazard analysis, Hazards Operability Studies and participates in Job Hazard Analysis
- Prepare proposals
- Assist in the client billing process
- Maintain and enhance quality control within the group

What you must have:

An appropriate Science or Engineering-related designation, degree or diploma is required. In addition, all applicants must have a minimum of 8-10 years of relevant experience in a similar role either industry or consulting field. Preference will be given to candidates with a strong identity in the Health & Safety industry and certification as a CRSP (Canadian Registered Safety Professional) or a CIH or ROH would be an asset. Knowledge of and a thorough understanding of relevant legislation, especially the Occupational Health and Safety Act is required. The ideal candidate will form productive and sustainable relationships with our business contacts in the community and drive client growth and business development, consistent with customer profiles reflected in the market development strategy. Must have strong leadership, interpersonal, presentation and teambuilding skills and shall possess a high level of oral and written communication skills to be successful in this role. A valid driver's license, insurance & personal vehicle is required (work-related travel expenses will be compensated).
