

FALL PROFESSIONAL DEVELOPMENT COURSE

Combustible Dusts and Explosive Implications

Friday, September 12, 2008

8:00 am – 12:30 pm

Indianapolis, Indiana

Did you know that over the past 25 years there have been 280 combustible dust fires and explosions resulting in 119 fatalities and over 700 injuries?

Did you know that OSHA has a National Emphasis Program for Combustible Dust and NFPA 654 provides practical requirements for protection against dust explosions?

OSHA citations are one concern, but keeping your people safe and keeping your operations up and running are also very important. Gain the information and tools you need to diffuse this issue in your facility.

Presenters:

John Cholin, J. M. Cholin Consultants, Inc.

Jeff Carter, Indiana OSHA Deputy Commissioner

Mark Collett, VP Benetech Safe Plant Professionals
