

There is a free Combustible Dust Training class to be held in Cincinnati on May 19, through support of OSHA's Susan Harwood Grants program. I believe the members of your AIHA Local section would be interested in this opportunity, and I would appreciate it if you could forward this email to your membership. Please respond to let me know if you are able to assist with this, or call me at 404-407-8088 if you would like to discuss this training. Thanks, Art Wickman, President Elect, GA AIHA

Preventing and Mitigating Combustible Dust Fires and Explosions
