

Western Michigan Industrial Hygiene Society
Environmental Bacteria: Evaluating Exposure and Health Risks (DVD PDC)

Wednesday, February 3 2010

Registration and Breakfast at 8:30am

Meeting 9:00am – 4:30pm

Box lunch provided

Location: WMU Graduate Center--Beltline

2333 East Beltline SE

Grand Rapids, MI 49546

(For Map: <http://gr.wmich.edu/conferences/Beltline/BeltlineDirections2/>)

Cost: \$95.00 per person

Students are free

This will be a DVD presentation of a recorded PDC (from 2008 AIHCe) conducted by Dr. Harriet Burge, PhD.

With an emphasis on the IH experience, this course provides an excellent introduction to the environmental bacteria, their role in the natural environment and health effects that may occur with exposure. This course presents the latest information on such areas as Legionella and Legionnaires' Disease, the hazards associated with sewage exposure, industrial exposures to bacteria, and the bacteriology of the residential environment. Students are also presented with applicable standards, rules and guidelines, while exploring the planning of environmental investigation and remediation protocols.

A test will be administered at the conclusion of the presentation for those seeking certification points (1 IH CM point).

Please pay at the door by Cash or Check, WMIHS does not accept credit cards
Call Brenda Wisniewski at (616) 772-1590 ext. 4748 or email at
