

# Asbestos Analysts Registry (AAR)

## Registered Analysts

Updated January 24, 2019

To verify the current Registration status and proficiency testing performance of an analyst, please contact the affiliated organization to view their most recent AAT Performance Results Report. Registration by the AIHA Registry Programs® is not a guarantee of the validity of the data generated by the analyst. Ensure that the analyst or his/her affiliated organization has the required state and local licensure prior to performing work. Registered Analyst status and inclusion on this document does not convey that the analyst or its affiliated organization is licensed or certified in the indicated state or any jurisdiction.

This web list is, at a minimum, updated quarterly after each AAT round's results are posted. If you have any questions regarding or find any errors with this listing, please contact the AAR Program Specialist, Carter Dezio, at (703) 846-0755 or [cdezio@aiha.org](mailto:cdezio@aiha.org).

State/ Country	Analyst Name (Last, First)	Organization Name	Phone
AK	Haynes, Joe	ATC Group Services	(907) 258-8661
