Who Can Submit a Nomination?
- Any AIHA member may submit nomination(s).
- If an individual is to be considered for more than one award, a nomination must be submitted for each award.
- Nominations must be submitted via the online Nomination Form (available during open nomination period).
- The nominating committee is excluded as nominators and/or as candidates for any award under its purview.

Nomination Eligibility
- Please see criteria for each award; in some cases, only AIHA members can be nominated.
- Nominations not selected during the first year of consideration will be kept on file for reconsideration for an additional three (3) years. Nominators may be asked to update the nomination form, CV, or supplemental material.
- If the nomination is unsuccessful after three (3) years, the nomination is no longer eligible for further consideration until a new nomination form and supporting documentation are submitted.

Nominators
- Nominations are only as good as the material submitted. Nominators can significantly improve the selection process by accurately completing the online nomination form and providing all required documents (e.g., CV and supplemental information). Please see suggestions for preparing a successful nomination.
- It is crucial that nominators consider the criteria for each award prior to submitting a nomination to ensure that the nominee’s membership status, residency status, and achievements align with the criteria.
- Use the appropriate online nomination form (link on the top of each specific award page).
- If you are nominating an individual or a team for more than one award, submit a separate nomination and documentation.
- Nominators will be recognized during the awards presentation at AIHce EXP each year as well as the award website.
- Email questions to awards@aiha.org.
I’ve Submitted a Nomination, Now What?

- Nominations are reviewed by the AIHA Nominating Committee. The committee is comprised of AIHA members including the AIHA Past President (serves as Chair), select AIHA Board members, select AIHA Past Presidents (the two most recent if available), past Board members, Local Section Council Chair, members-at-large, sponsors, and volunteer group members (may vary with award; please see nominating committee table below).
- The AIHA Nominating Committee selects the most qualified recipient for each award and presents the slate of awardees to the AIHA Board for approval.
- The Nominating Committee Chair will notify awardees.
- The Nominating Committee Chair with the assistance of committee members will notify nominators of nominees not selected.

When Are the Awards Presented?

- Awardees are recognized center stage at AIHce EXP.
- All physical awards are shipped directly to the awardee prior to AIHce EXP.

Nominating Committee

- Will not research unsupported claims or enhance the nomination package in any way.
- Reserves the right to consider any nomination for awards other than the award suggested when, in its opinion, the support and justification may more appropriately apply to other awards.
- Shall have the prerogative of carrying forward nominations to a more suitable time frame.
- Reserves the right to not present an award when suitable selection(s) cannot be made.

Nominating Committee Members

- Are not eligible for a named award during their term of committee service. When agreeing to serve on a committee, you should understand that if you were to be nominated, the nomination would be disqualified. Persons preparing nominations should be advised that committee members are not eligible.
- Should not be directly involved in nominations prior to their submittal. You can answer general questions about what a nomination should include, but you should not pre-review or comment on draft nominations.
- Will attend the town hall prior to the nomination review if available (every effort will be made to find consensus on a suitable date).
- Will self-identify any relationships/affiliations that might be perceived as a source of potential bias and inform the committee chair of any Conflicts of Interest (COIs) before any candidates have been discussed.
- If COIs are identified, the normal practice is for conflicted committee members to recuse themselves from discussions related to the corresponding nominations.
- Will maintain strict confidentiality with nomination materials as well as internal/group discussions. Information about committee deliberations should not be shared with anyone outside the committee, nor should the winner be discussed until AIHA has issued the formal press release.
